CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Netaji Subhash Chandra Bose Government Girls PG College is affiliated to the University of Lucknow and follows the curriculum prescribed by the University. Curricular aspects of the courses taught at our college are governed by ordinance and guidelines as issued by University of Lucknow from time to time.Academic calendar of the college is planned well in advance by the college for the proper implementation of the curriculum. Along with these, broad vision and goals of the college are also taken into account for the effective implementation of the curriculum. Curriculum provides for the college's core teaching and learning. As there are a few faculty members, there is scope for direct interaction among faculty members of various streams and departments as well as with the Head of institution. The Principal convenes a meeting at the beginning of the session which is mandatory for all staff members to join. Issues related to admission and strategies for teaching-learning methodology is discussed and debated.Our college offers degree courses viz; BA, B.Sc and B.Com along with Post-graduate degree in four subjects- Home Science, Sociology, History (AIH) and Economics. A separate meeting is held in Post- graduate departments to finalize the course distribution as per the expertise of the teachers. All the faculty members are required to prepare a teaching/ academic plan for effective implementation of the syllabus according to the prescribed norms. The Principal monitors the effective implementation of the teaching plan as finalized. Various course delivery methods are followed by the faculty such as lectures, practical labs, study tour etc. The college has adopted various methods to facilitate weak students to cope with study related problems through mentor ship, tutorials/remedial teaching classes. The entire focus is student-

centric. Some teachers are also members of Board of Studies and play a vital role with respect to syllabus revision, methodology of implementation etc. Almost all the departments have their own departmental library from where students can easily obtain necessary books and journals. Teachers have the liberty to decide their own methodology based on the need of the subject and that of the learners. The college attempts to provide the teachers and students with reasonable infra-structure and resources at its disposal. The Senior faculty members from different departments of the college attend these meetings/workshops and exchange their opinions for effective operationalization of the curriculum. In this backdrop the college follows the given vision and mission.VISION --- To create conducive atmosphere for an all-round development and continual growth of students. And to focus on the enhancement of their emotional sensibility in order to ensure smooth transmission and mastery of cultural and employable skills.MISSION - To encourage development and expansion of physical and intellectual capabilities. - To develop disciplinary and humanistic approach in various walks of life. - To promote cultural values such as art, literature, music and aesthetics. - To ensure sustenance of selfconfidence and cognitive intelligence. - To develop proficiency in communication technology in the context of modern era..

No				

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

t is imperative to develop a well functioning feedback system in order to ensure constant growth of the Institution. With this view in mind , we have developed an effective feedback mechanism that collects, analyses and implements suggestions from the students to make academic, infra-structural and policy related improvements in the college. Feedback is collected at the institutional level in which views on curriculum, teaching tools and students outcomes are discussed. The students feedback of the faculty and non- teaching staff is taken regularly in order to ensure smooth teaching and also to enhance overall learning of the students. The opinion of the students not only reflects their thoughts on various issues related to institution, faculty and academics but also offers constructive suggestions to improve the overall teachinglearning process. We have a formal system of obtaining feedback through questionnaire. The identity of the student remains anonymous to ensure confidentiality and impartiality. The questionnaire contains questions based on curriculum delivery and students level of satisfaction/ dissatisfaction with the teaching methods or other related issues. The head of Institution analyses the feedback and takes actions accordingly. Although feedback of faculty members and non- teaching staff is not taken on a prescribed format, the college adopted the practice of conducting regular meetings with all faculty members and non- teaching staff. In such meetings matters pertaining to curriculum delivery and implementation, academic atmosphere, teaching- learning process and problems related to infrastructure and suggestions for improvement are discussed. Extension activities are also discussed and debated. Appropriate suggestions are forwarded to respective departments/persons for implementation.

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

NSCB Govt. college is affiliated to the Lucknow University, Lucknow and adhere to the syllabus laid down by the Lucknow University. We follow number of guidelines and methods to carry out a continuous internal evaluation system at the College level. Orientation programme is conducted at the beginning of the session, an academic calendar and tentative dates of Continuous Internal Evaluation (CIE) are displayed on the notice boards of the college. Class tests, tutorials, student- seminar, poster presentation is conducted after the end of the units. This allows the students to understand each concept individually as well. Class test allows the teachers to assess the performance of learners. There is annual exam system in U.G. course and semester system in P.G. courses. 30 marks are allotted on internal assessment and 70 marks for external exams. This division of marks is as per university rules. On given dates marks of internal evaluation are uploaded to the university portal and evaluated assignments are kept in the department and students are able to see the remarks and there they can solve the queries also. Remedial classes are conducted for the slow learners, absentees, and the students who are engaged in NCC, NSS and Rangers activities.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

In the beginning of the academic year, academic calendar is prepared and displayed on the notice board of the college. Lucknow University also publishes a tentative schedule of internal assessment and semester/year end exam date in the beginning of the session and our college adhered with this to ensure effective time management. And it allows teachers to prepare teaching and assessment plans accordingly. The undergraduate program, yearly examinations are conducted by the university. Post graduate course is conducted semester wise and thirty marks are assigned on internal theory examination and marks distribution is done according rules of university of Lucknow. Further, Tests, group discussion and role play are conducted on regular intervals

facilities are shared through student prospects and notices available in college noticeboard and website. It is clearly defined with objectives, implementation, and evaluation on www.nscbonline.in. A college development cell is also active in the institution that makes recommendations for important essential work annually and funds and grants have been used on that basis. Prospectus is a comprehensive material available for all students at the time of admission. It covers all rules of discipline, academic conduct, admission, examination, extra-curricular activities etc.. At the end of each academic year, a yearly review of physical facilities and audit is done. Any such areas which require repairing, renovation is then maintained accordingly. For details please go through criterion IV on weblink.

The college with its vision to create overall development and continual growth of students and enhancement in their level of emotional sensibility for the smooth transmission and mastery in cultural and employable skills and to fulfil its mission to encourage development and expansion of physical and intellectual capabilities, develop disciplinary and humanistic approach in various walks of life , promote cultural values such as art, literature, music and aesthetics, insure sustenance of self-confidence and cognitive intelligence and develop in using proficiency and communication technology in the context of modern era, is being governed by different committees of administration and management, which are empowered to take independent decisions for the betterment of the college as given below. ADMISSION COMMITTEE(U.G.P.G.)., NAAC, IQAC, PROCTORIAL BOARD, ENVIRONMENT COMMITTEE, WOMEN'S CELL, AISHE, EXAMINATION COMMITTEE, NSS, CLEANINESS, PUBLIC INFORMATION COMMITTEE, PURCHASE COMMITTEE, DIRECTION AND DEVELOPMENT, GAMES COMMITTEE, NCC, SCHOLARSHIP COMMITTEE, IGNOU COMMITTEE, INCOME TAX COMMITTEE, ROVERS RANGERS ETC. The head of the college i.e. principal holds meetings with convener of each committee and asks for the work plan to be executed during the session and directs the convener to work

according to the plan discussed. Regarding the knowledge upgradation, the principal of the college encourages the faculty members to attend workshops on syllabus revision organized by academic staff colleges of various universities. The academic calendar is planned well in advance by the college for the proper implementation of the curriculum. Curriculum provides a framework for the colleges to execute teaching and learning. For proper implementation of curriculum, a meeting is held with all head of departments to finalize the methods for the effective implementation of the syllabus. A separate meeting is then held in each postgraduate department to finalize the course distribution for the next year. The head of the department then distributes the syllabus as per the expertise of other teachers. Teachers are then required to prepare a teaching plan based on the number of days required for effective implementation of the syllabus. The principal monitors the implementation of the teaching plan as finalized. Almost all the departments have their own departmental library from where students can easily obtain necessary books and journals. Teachers have the liberty to decide their own methodology based on the need of the subject and the learners. B For the participative management of the students various interactive sessions, student seminars, extension lectures, career counselling seminars, cultural activities and practical sessions have been organized in the college with active participation of the students .Each department has departmental council which consists of President, secretary, executive members , class representatives and other office bearers selected for, from and among the students. These departmental councils play a very vital role in maintaining the discipline and decorum as well as planning and organising departmental council activities. Student seminar is another important feature of the participative management which creates awareness, knowledge, confidence in the students to acquire empowerment qualities of leadership.

Environmental Consciousness there to a large extent. Many activities conducted for its awareness at college level and by the departments also. There is a very active environment committee in the college which maintains the environment of the college through Quiz, Rangoli, Poster, Slogan, Essay, Debate competitions on it and it maintains a 'Subhash Vatika' in college especially dedicated to it. There are two units of N.S.S. and N.C.C. and Rovers and Rangers in our college. Its members regularly do tree/saplings plantations in the college and conduct cleanliness drives. Solar Energy Source is being tried to be installed in our college as an alternative and renewable energy source. Papers of it are attached with this (Solar Silicon Energy - of 16 lakh estimate). And through LED lighting, 10 KW of light requirement of the college is sought to be met.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

BEST PRACTICE NO.1: TITLE OF PRACTICE : 1. TITLE OF THE PRACTICE: 'ENVIRONMENT PRESERVATION AWARENESS GENERATION IN WHICH STUDENT SEMINARS ARE ALSO HELD'. 2. OBJECTIVES OF THE PRACTICE: The objective of this practice is to enlighten the students and to protect our environment. It also aims to enhance their personalities and in both it is fully successful. Our environment today is greatly endangered and on verge of getting destroyed, thus it is all the more important to protect it now.. 3.THE CONTEXT: The main purpose of this practice is to preserve our environment for ourselves and our future generations to come. Everywhere in the world and in India environment is getting destroyed by our lifestyle and by our bad habits of depleting our natural resources. In fact, we are playing havoc with nature thus it is now or never that we put a stop to it and for this AWARENESS GENERATION among the students and everyone else is very important. 4. THE PRACTICE: The goal of this practice or policy followed by our institution is that the focus should be on protecting and preserving our environment. Moreover, as our college is solely of girls, they are more sincere in whatever they do once they realise the seriousness of the issue, they only have to be motivated and enlightened. Girl students are comparatively easy to handle, train and educate it being amply clear that in our country majority of the girls are comparatively simple, sincere, hardworking and dedicated to their studies and towards their families, college and nation. Thus, we have this wonderful group of people to work on. The results achieved show that this policy is good and ingenious. 5. EVIDENCE OF SUCCESS: It is a hugely successful practice in that many students effectively are opting for different careers now and many related with environment and thus this practice is very effective. Also, the atmosphere and environment of our college has undergone a sea change now it is so good now with its huge green cover and no sign of any plastic waste or any waste is there. The health of students and staff has both improved and they eager to come to college campus and eagerly do their duties. 6. PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED: Financial crunch is there, sometimes motivation from students side is lacking, they are also not that much inclined to work for the sake of their country, nation and environment as maybe they as they are mostly from rural and poor backgrounds, their minds are occupied with the mundane duties and problems of day to day

life and they have to help their families in every task. 7. NOTES (OPTIONAL) This practice is already very successful in the college. BEST PRACTICE NO.2: 1. TITLE OF PRACTICE: 'THE DEPARTMENTAL COUNCIL ACTIVITIES ARE A REGULAR FEATURE AND AN ENHANCEMENT TO THE ACADEMIC ATMOSPHERE OF THE COLLEGE. 2. OBJECTIVES OF THE PRACTICE: The aim of this practice is to make the girls' confident in their abilities and to acquire additional empowerment qualities. That would happen when they are effectively educated, get vocational skills, and learn to be selfdependent. As our college is solely of girls, it is more important here to work wholeheartedly for their betterment, advancement and welfare so that they are

better able to face the world when they come out of the college. 3. THE CONTEXT: It was observed that the departments were doing a great job by these departmental activities through which girls learnt to be self-reliant. acquired qualities of leadership, initiative taking, creativeness, becoming enterprising and entrepreneurship and so on. 4. THE PRACTICE: The practice is that in each department activities are compulsorily held each year like quizzes, speechdelivery, group discussions, slogan writing, poster making, essay writing through which students develop their personality and thus acquire that additional competitive edge over others. 5. EVIDENCE OF SUCCESS: The practice is very successful in that the students have become very confident and

thoroughly

?????66 know about different issues and in this way their general knowledge has

also increased and they are better able to deal with all the problems. 6. PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED: The challenging issues that have had to be faced and addressed in designing and implementing this practice is that it is sometimes very difficult to motivate the girls because the will for this has to come from their side only. We can only enlighten them and make them aware about the possibilities which will make them self-sufficient and empowered. But then the driving force has to come from their side only. But many a times this does not happen which exasperates us. Also, one financial problem is there that is that monetary resources are less and thus to address this problem more financial resources are required. 7. NOTES (OPTIONAL) : Here we wanted about at least 70 percent of girls participating in these activities but as yet this has not come about. We have not achieved this milestone but the will and determination and enthusiasm to do so is very much there and we are confident that in the near future we will achieve this also. 7.3 Institutional Distinctiveness Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust. Provide the weblink of the institution in not more than 500 words This institution is very distinct from others in though it has very limited resources and infrastructure, still it tries to cater to its students who are coming from mostly the lowest and weakest section of society that is the very poor students in a very big way. College is trying to create a 'NIRDHAN CHHATRA' (POOR STUDENTS COMMITTEE) for the last many years which identifies poorest students of U.G. and P.G. and then they will be helped financially by the college. Thus poor students education is greatly facilitated by these endeavours of our college. This quality EDUCATION TO ALL STUDENTS ESPECIALLY THE POOREST will be achieved. ?? The institution is distinct as it tries to keep itself abreast of all improvements, innovations and latest technology and methods of teaching inspite of its infrastructure limitations. It tries to bring out the best performance always right from the teachers, staff, percolating down to the students.
