Student Feedback Report

Session: 2020 – 2021

Student feedback is continuously becoming a widely used method to evaluate and improve teaching effectiveness. It also allows the teachers to sort out the problems of the students and in addition, facilitates learning by making required adjustments. Even minor changes can make in a huge difference, with this motive in mind, students feedback was taken vis a vis their perception of syllabus, teaching methodology, improvements, suggestions etc. Feedback was qualitative in nature.

A large number of students have emphasized on the need of a college canteen, cleanliness in the washroom and near the area of drinking water. Many students emphasized upon the need of new books in the library as per the revised syllabus and requirement of sports ground for carrying out sports activity. Need of more classrooms for conducting post graduate classes was also stressed. Student's suggestion with certain faculty members with regard to methodology of teaching also came to light.
