IQAC

In pursuance of its Action Plan for performance evaluation, assessment & accreditation & quality up-gradation of institutions of higher education, NAAC proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure.

Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system & work towards the realization of the goals of quality enhancement & sustenance. The prime task of the IQAC is to develop a system for conscious, consistent & catalytic improvement in the overall performance of institutions. For this, during the post-accreditation period, it will channel all efforts & measures of the institution towards promoting its holistic academic excellence.

STRATEGIES

IQAC shall evolve mechanisms and procedures for:

- Ensuring timely, efficient, and progressive performance of academic, administrative, and financial tasks
- The relevance and quality of academic and research programs
- Equitable access to and affordability of academic programs for various sections of society
- Optimization and integration of modern methods of teaching and learning
- The credibility of evaluation procedures
