## Students Feedback Report 2022-2023

Student feedback is an invaluable component of the education system, offering a two-way channel for communication between students and educators. The symbiotic relationship between students and feedback is instrumental in the continuous enhancement of the educational journey ensuring that the learning process remains student centric, adaptive and conducive to individual growth and success. Therefore, an institution needs to collect feedback from its stakeholders to outshine in its future activities. In this direction the head of the institution collected feedback from the students. During the academic year 2022-23, feedback on academic and non-academic aspects was taken and analysed. 63% students found that teachers prepared well for the class 75% students found that internal assessment process was unbiased. 60% students found that teachers used ICT tools for teaching. 83% students emphasised on the need of books according to thr NEP in the library. 73% students demanded cleanliness of the washroom and the requirement for sports facility was also raised. 27% students wanted better infrastructure and nearly 92% students demanded canteen facility. Nearly 42% students demanded the need for more faculty members.

## Action Taken Report 2022-2023

Based on the analysis and interpretation of the feedback of year 2022-23 following actions have been taken by the head of the institution. Library facility was updated with the inclusion of more books on new syllabus based on NEP-2020. Measures to improve infrastructure, furniture of the college were undertaken. Letters to the concerned authority for addition of more faculties were written and letters to concerned officials to take appropriate action on the illegal encroachment of college premises were also written so as to ensure the use of that land for sports purposes. Tenders for opening a canteen in the college premises were also invited.
