Student Satisfaction Survey (2022-23)

Students' Feedback Analysis:

The students' feedback was obtained through confidential methods on proper prescribed formate to find their opinion about infrastructural and academic ambiance of the college. The received feedback forms were put forth before the Principal of the College by Internal Quality Assurance Cell (IQAC) for appropriate analysis and to take proper action. Feedbacks were obtained from 713 students on the prescribed feedback sheet. On the basis of responses of students for 20 parameters on a five category scale the feedback was inclusive and wide. The parameters on which students' feedback were taken and students showed high and positive responses, were- 1) knowledge, 2) communication skills, 3) sincerity and commitment level of teachers, 4) the encouragement for class participation, and 5) student-teacher relationship. All these parameters revealed the capability of teachers, their sound knowledge, basic commitment and care for their students. These responses of the students proved that, no doubt, our institute had good and knowledgeable teachers who took regular classes and had been devoted to be available for students in and outside the classroom, and had always created good teaching environment in the campus. These student-centric and research oriented teaching faculty is our institute's biggest strengths.

Action Taken:

To enhance the knowledge and research experience of the faculty members in the recent years, the College has helped them for higher advanced updation and upgradation of their knowledge; it has also provided research opportunities to them by facilitating the advanced version of computers to different departments with Wi-Fi facilities under Research and Development Cell. The computer facilities have been developed in various departments, and almost every department has got the facility of smart class rooms. Work of Accounts Section is completely computerized. The Principal continuously inspires the teachers to remain alert towards the holistic development of the students by being sensitive, tolerant and enthusiastic towards the students. Teachers motivate students through cooperative behavior along with fair assessment and problem solving capacity.
