SWACHHATA PAKHWADA JAL SHAKTI SANCHAYAN ABHIYAN (1-15 SEPTEMBER 2019)

AND

SEWA SAPTAH REPORT (14-20 SEPT 2019)

Being the future of the country it is very important to develop value of cleanliness among young generations to fulfill the dream of Clean India and Healthy India and for the same purpose Swachhata Pakhwada is observed every year from 1-15 Sep every year. This year, along with cleanliness two other major issues have been incorporated first water conservation and second ban of single use plastic. Swachhata Pakhwada is followed by the Sewa Saptah from 14-20 Sep 2019. In order to observe Swachhata Pakhwada and Sewa Saptah from 1 to 20 September 2019 a Swachhata and Jal Shakti Sanchayan Committee was formed in the campus with following faculty members –

Dr Rashmi Bishnoi, Incharge

Dr Raghvendra Pratap, Member

Dr Kranti Singh, Member

Dr Shweta Bhardwaj, Member

Dr Sapana Jaiswal, Member

Dr Arvind Yadav, Member

Dr Meenakshi Shukla, Member

All the committee members welcomed the initiative and along with other faculty members and students they came forward very enthusiastically to celebrate Swachhata Pakhwada. After discussion among committee members following comprehensive working plan was developed, in which everyone was able to play his/her role in successful administration of the plan. The working Plan was as follows –

2 Sep 2019	Pledge and Signature Campaign on Cleanliness, Water Conservation and No Single Use Plastic				
3 Sep 2019	Classroom cleanliness motivation				
4 Sep 2019	Best out of Waste Competition				
5 Sep 2019	No Single Use Plastic Drive

The programme began on 2 September 2019 and at the onset a pledge for Swachhata, Jal sanrakshan and ban of single use plastic was administered by the committee to the students and staff members, along with pledge a signature campaign was also organized to motivate and connect students with the programme.

Cleanliness is not a single time activity but it is a continuous effort, keeping this in mind on second day all the students were motivated to keep their classroom clean and organized by not throwing any litter and organizing the furniture properly. This activity was conducted by Dr Kranti Singh.

On 4 September a competition on best out of waste was conducted by Dr Shweta Bhardwaj, in which students participated very enthusiastically and came out with a number of useful and decorative items out of waste material.

No Single Use Plastic Drive was conducted on 5 September under the guidance of Dr Meenakshi Shukla and her student volunteers. In this activity a comprehensive bag checking programme was executed to collect and to dispose all single use plastic products and students were motivated not to carry them in future.

A poster making and slogan writing competition was organized on water conservation, no to single use plastic and swachhata on 6 september by Dr Raghvendra Pratap Narayan and Dr Arvind Yadav.

One cannot deny that cleanliness is public issue in India. Littering and throwing garbage on public places is so common, so in order to comprehend the psychology

behind this mind set Dr Arvind Yadav has delivered a lecture on 7 September about building an attitude towards cleanliness. 9 September was dedicated to activities and lecture series related to water conservation.

On 11, 13 and 14 September Cleanliness drive was conducted in which NSS Volunteers and other students performed activities related to keeping campus area clean. From 14 September Sewa Saptah was also obsereved with full zeal and devotion. The very essence of this week was Swachhata hi sewa hai and to follow this essence students performed shramdaan in different areas of campus daily for 1 hour. Beside this NCC Cadets also took active part in fidelity of this week by cleaning the campus, attending lectures and conducting different competitions.

On 20 September 2019 the closing ceremony cum prize distribution programme was conducted in which Mr Pankaj Singh, MLA from Noida was Chief Guest and Dr Neeraj Bora, MLA from Lucknow was guest of honour. All the student who have won the competitions were given prize. Both the guests were very happy to know about the way in which the whole programme was observed in the campus. Both the guests motivated the students about water conservation the dire need of the present time and insist on inculcating value of cleanliness among students in their addresses. Our Principal extended vote of thanks and assured everyone that the students who have remain the part of this programme must sustain this core value of cleanliness in their personality.
